## The Right Fit Is Important

To achieve spectacular printing results, you want to find the right fit. It all starts with state-of-the art presses.

Annan & Bird uses the most modern, and largest, presses in Canada. Our 7-colour, 78" Lithotronic press delivers quality equal to that of any small format press.

Our state-of-the-art 47" x 64" press and two 57" presses deliver amazing, consistent results each and every run.

We offer unparalleled spot UV coating and quality large format lamination finishing for special jobs. But there is more.

Our fit also includes unsurpassed special effects, experience, innovation, customization and quality control.

To ensure the results of your next package-printing project fit, or exceed, your expectations, call Annan & Bird today. You be please with how comfortable the right fit feels.
